To Whom It May Concern:

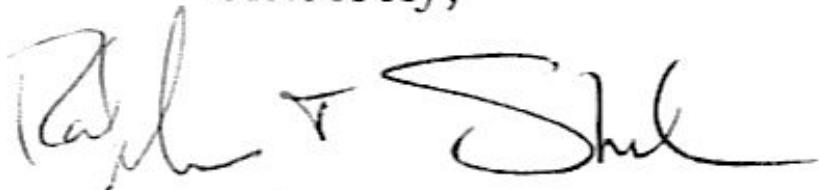

We have used Freyenhagen Construction for two projects in the past. Both projects went very well.

Jeremy's project team helped to design a creative solution for a small space and we found the crew to be courteous and timely. We felt that we were kept informed throughout the process and all of our concerns were addressed.

We were impressed with the quality of services supplied by the subcontractors. We were especially pleased with the subcontractor that handled our tile installation. We feel that it is imperative for a subcontractor to have a good reputation, and Jeremy didn't let us down.

We would recommend Freyenhagen Construction to anyone considering a remodeling project.

Sincerely,
