To Whom It May Concern:

Freyenhagen Construction came highly recommended to me and I was not disappointed. Jeremy's knowledge and experience was evident as he always got the job done right.

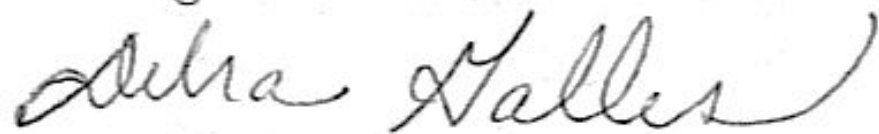

His crew was always willing and helpful to fulfill all my needs. There was great communication between the supervisors and the field crew that helped to cover all the aspects of my project with ease.

---

Each member of the crew did their part with attention to detail and perfection. The completion of my staircase was fabulous. I felt like a princess in my very own castle.

I was so pleased with their work I would recommend them to anyone who wants to update their home.

Sincerely,

A handwritten signature in cursive script that reads "Debra Galles". The signature is fluid and elegant, with a long, sweeping tail on the final letter.
