Billings, MT 59102

Dear Jeremy,

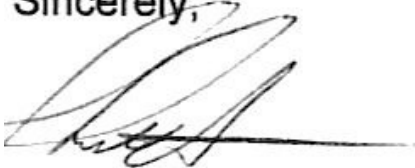

Now that our remodeling project is finished, I wanted to thank you and your staff for following through with what you promised in the beginning; on time, quality workmanship, good communication and for the price that we agreed on.

Since I have been in the remodeling business, I am more aware of how difficult it can be to follow through with promises especially when we change some of our plans during the project. You and Dan both did a great job of incorporating our changes and additions into the schedule.

You also made it easy to live in the mess of remodeling. We knew that it would be inconvenient to have workers in our home but you went out of your way to keep our home livable during the whole project. All of your employees and subcontractors were polite, courteous and did a good job.

We would be happy to recommend you to anyone who is considering a remodeling project and please feel free to give him or her our phone number.

Sincerely,

John Halstvedt
