Dear Jeremy,

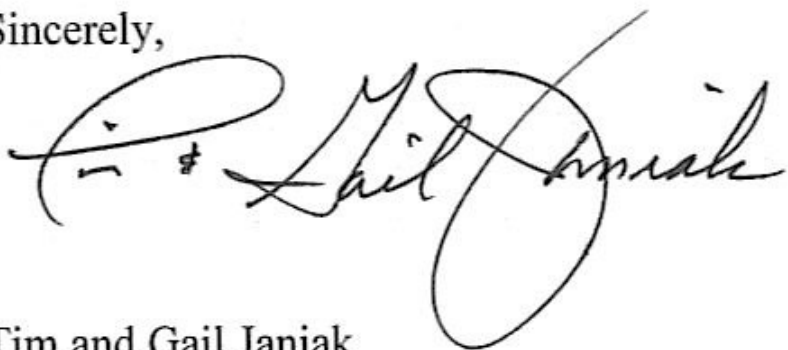

It is our pleasure to provide you this referral letter in connection with the remodel of our home this past summer, because it was a referral that originally led us to you.

What was important to us was to select a contractor who could help us with the design of our project, do a professional job and complete the job on a predetermined schedule. We were told by Jim and Sheila Downs that if we used your company we would not be disappointed and they were correct.

You and your company were quite helpful in the design process and your team did a very professional job throughout the construction process. Robert, Ed and Ryan were great. They were courteous and kept us well informed every step of the way and helped us understand the process. Lastly, your team was on time at every stage of construction and in fact, completed the job few days ahead of schedule, which was terrific.

We are very happy with the entire experience, and very much enjoy our updated space.

Sincerely,
