Dear Jeremy:

Paul and I just wanted you and your crew to know how much we enjoyed working with you on our remodel. We love our new dining room and are thrilled with what a sunny and elegant room it has become.

We very much appreciate your way of doing business. You listened to us and made every effort to plan the remodel to meet our needs. You were conscientious about following up on details and making sure that things were done just the way we wanted them to be done. Your workmanship is excellent!

I was am personally grateful that your work crew went about their various tasks in a professional manner and cleaned up as they worked. With a long remodel, it is so important to be able to carry on our day to day life without too much disruption and your staff allowed us to do that. Everyone was polite and eager to help us as we made decisions throughout the project.

We would certainly recommend Freyenhagen Construction to our friends who are planning remodeling projects. Thanks for doing a great job and for being so reliable and professional.

Sincerely,

  
Kathy Kelker
