

To Whom It May Concern:

A friend of mine recommended Freyenhagen Construction because of the work that they did to her neighbor's house in the country club.

We were unhappy with our kitchen and were unsure what to do to correct it. Jeremy and Krystle at the Kitchen Gallery helped us to determine how best to reconfigure the kitchen to make it turn out perfectly.

Since I was gone for much of the time during the project, it was awesome coming home to an almost completed new kitchen for the first time.

Jeremy's carpenters couldn't have been nicer. They seemed to be as excited as we were about the progress of the project. They tried hard to find solutions to issues as they came along. We actually had fun with the guys!

I feel that the most important service offered by Jeremy would be his help during the design process. Jeremy's specialties consultants are very knowledgeable. I was especially impressed with Krystle from the Kitchen Gallery and Kevin from Nationwide Flooring.

I also feel that the quality of workmanship was extremely important. The crew was very careful with the rest of our house and was also great with the dog!

I would recommend Freyenhagen Construction because of how much we love our new kitchen and because of how easy Jeremy made it to achieve. Great job Jeremy, you have a great team!

Sincerely,
