RE: Jeremy Freyenhagen
Freyenhagen Construction
2524 Roth Lane
Billings, Montana 59102

To whom it may concern:

In late 1997, I hired Freyenhagen Construction, as a general contractor, to handle the repair and renovation of a house at 1208 Yale Avenue in Billings.

It was Freyenhagen Construction's job to supervise the other trades, such as painting, flooring, plumbing, electrical, and cabinetry. There was considerable carpentry and other refurbishing work that Freyenhagen Construction performed.

Freyenhagen Construction did an excellent job on this project. They worked at it very diligently and professionally, and were able to complete the work in the time that we had agreed.

The finished product was excellent. The place was being renovated for purposes of sale. It sold immediately -- the first day we put it on the market. This fortunate result can be attributed to Freyenhagen Construction's fine work and workmanship.

I would be glad to give anyone additional information upon request.

Respectfully submitted,

James W. Thompson
